

NO BOUNDARIES EVENTS PTY LTD SHIPPING POLICY

When does my Item ship?

We ship orders out once payment reflects in our bank account, or if payment has been done through PayFast and stock is on hand.

If Stock is not on hand, or needs to be custom made we will communicate directly with you to ensure you are comfortable with the wait.

Standard shipping at this time may take up to 2 weeks.

Local Shipping:

Shipping for items costing over R 1 000 and weighing less than 2 kg, shipping is free, and will arrive overnight if you are within a major city in South Africa. If in remote areas, or small cities delivery is by economy courier and will arrive 2-5 days after shipping.

Should items cost less than R 1 000, a standard shipping rate of R 100 will be charged. For bulky or heavy items, the shipping cost will be calculated on check out.

If items are bulky they will be shipped via economy rate which may cause a delay in receiving the item.

Our shipping partner is Courier IT for local deliveries.

International Shipping:

We don't usually ship internationally as most of our orders are targeted for the South African market. Should you however need an international shipment, please contact us by emailing hello@noboundaries. We will be more than happy to arrange for shipment to be done at an additional cost subject to change.

International Customs and Duty Charges

Customs and duty charges for international shipments are born by you, the buyer, as we unfortunately don't have control as to the various customs and duty procedures in various countries.
